An anonymous redditor liked your submission so much that they gilded it, giving you reddit gold.

Here's a note that was included:

I appreciate all the work you have put in scanlating these chapters!

I hereby want to ask your help to show your sub on /r/ProCSS and show the Reddit Admins who want to remove CSS, together with our hard work for sub customization, our shovels!>.<

Your sincerely,

r/anime

Though why did you sign it "/r/anime"?
Certainly this wasn't from /r/anime(I highly doubt it).
